

**Peterborough Seniors Hockey Club**

**Aug. 16, 2020.**

**Presidents Message.**

**Gentlemen;**

**The “Fall Session” has been Cancelled.**

Due to the following Guidelines put in place by the City of Peterborough, and The Peterborough Public Health Unit, it is impossible for us to enjoy the game of hockey the way we were used to playing.

**#1) Physical Distancing must always be 2 metres, and must be maintained while in the Arena, and on the Ice.**

**#2) There will be No Scrimmaging, Drills Only.**

At this time, the “**Winter Session**” is also in jeopardy, and I will advise all of you as information becomes available from The City of Peterborough regarding resuming play.

I would like to take a moment on behalf of your Executive Members to thank all of you for your patience, and most importantly your trust.

We have been working quietly in the background for about 6 weeks processing information and making every effort to ensure not only our players, but their loved ones will feel confident in everyone’s ability to stay Safe, and Healthy when resuming Play.

The City of Peterborough Guidelines will be on the Web Site in the coming days for all of you too see.

It has yet to be determined as to the Post-Dated Cheques that are with Jim, this will be addressed before Sept 1<sup>st</sup>.

Thank You,

Bill Andrews, President, PSHC
